

5 good reasons to get a pet license

- 1) It's the law. Without it you could be fined. It's cheap -- \$5(most pets) to buy a pet license.
- 2) To get a license your pet must have a rabies shot. It prevents rabies outbreaks.
- 3) It is visual proof of ownership.
- 4) If your pet is lost, the license is a way to ID your animal and aid the pet finders in locating you.
- 5) A pet without a license(ID) could end up being placed for adopted or, much worst, euthanized.
