GHI Website Task Force Minutes: March 22, 2021

The meeting was called to order at 6 pm. Participants included task force members: Ken Shields, Mary Roth, and David Frauenheim. Task force member, Olivia Guerrieri, did not attend the meeting. One GHI member attended the meeting as a “friend of the task force.” Neron Adams-Escalera and Tom Sporney, GHI staff members, also participated in the call.

YARDI Presentation

The team from YARDI gave the task forces and overview of the property management product GHI purchased (Voyager). They further clarified the use of Rent Cafe and Condo Cafe in regards to GHI members and Parkway apartment residents. The team also presented the Corporate Website product that they use for public-facing websites that can potentially be used for GHI.

Task force members asked for documentation on the Voyager product, asked for follow-up on items including photo galleries, API's, back-end data base practices, and posting/editing processes.

The team plans an in-depth discussion on the presentation in the next meeting.
