

Do you feel safe in your home?

What's your level of trust in the Greenbelt Police?

What public safety concerns in your neighborhood need to be addressed?

Greenbelter, What's Your Opinion?

Residents are asked to share their views & experiences on policing in Greenbelt as well as their opinion of their individual neighborhood's public safety priorities.

4 public forums are being held in June for residents to attend and voice their opinions. All residents 16 and above are additionally asked to complete the online survey.

By engaging the views of residents on the functioning of the Greenbelt Police Department, this initiative aims to enhance public safety and community policing by increasing trust and mutual respect between law enforcement and Greenbelt residents.

Online Survey

Go online to surveymonkey.com/r/7HTH9HG or scan the QR code below to share your opinion.
